

Texas MedClinic® 
 For Life's Little Emergencies®

Insurance

Texas MedClinic contracts with many managed care companies so that your visit can be covered under your insurance plan. Our agreements with insurance companies, networks, and employer groups provide for urgent care services when your primary care physician is not available. Below is a list of some of the insurance plans we accept:

- Multiplan/PHCS
- Blue Cross/Blue Shield
- Humana PPO and HMO
- Cigna
- United Healthcare
- Texas True Choice
- First Health
- Aetna
- Pacific Care
- Secure Horizons
- Galaxy Health Network
- HealthSmart
- Interplan/Accountable Plan

For a complete list, visit our website at www.texasmedclinic.com. If you have a question regarding coverage, contact our Billing department at 210.349.5592

Serving South Central Texas Since 1982

URGENT CARE MEDICINE • OCCUPATIONAL MEDICINE • TRAVEL MEDICINE • SPORTS MEDICINE

Texas MedClinic is a walk-in clinic specializing in Urgent Care, Occupational Medicine, Travel Medicine, and Sports Medicine. Our mission is to provide excellent medical care and quality customer service to each patient we treat. We have been serving South Central Texas with affordable, convenient care since 1982.

Our Clinics:

- Open 8am – 11pm, 365 days a year *
- Physicians on staff during all hours of operation
- Computerized X-ray technology
- EKG, Lab, and X-ray on premises
- Electronic prescriptions
- Easy to access, convenient locations with free parking

* Some locations closed on Thanksgiving and Christmas

Urgent Care Services

Texas MedClinic treats non-life threatening urgent medical problems. Below are just some of the conditions we can treat:

- Sprains, strains, joint dislocations
- Lacerations, cuts, minor burns
- Flu, colds, allergies, asthma
- Abdominal pain
- Minor fractures
- Contusions
- Eye injuries
- Animal bites
- Urinary tract infections
- Sports physicals
- School immunizations
- Court ordered drug tests

Our physicians can perform minor surgical procedures to remove warts, moles, abscesses, and cysts. In addition, after your visit, your medical records will be electronically transmitted to your primary care physician upon request.

Occupational Healthcare Services

Texas MedClinic offers employers solutions for all of their occupational healthcare needs. Our physicians have extensive knowledge in caring for a wide variety of injuries and illnesses that typically occur while on the job, and are experienced in navigating through administrative issues in the worker's compensation system.

We offer the following services:

- Drug and alcohol testing
- Regulatory physicals
- Treatment of work-related injuries
- Respiratory physicals and fit testing
- Tuberculosis testing
- Post offer (Pre-placement) physicals
- FAA exams
- Drug test collections (hair and urine)
- Medical Review Officer services
- Rapid (same-day results) drug testing
- On-site services (drug testing, vaccines, flu shots)

Sports Medicine Center

The Sports Medicine Center at **Texas MedClinic** is a convenient and focused practice to treat sports related injuries with on-site x-ray and physical therapy. Texas MedClinic is fortunate to have physicians who have completed additional training required to be considered specialists in Sports Medicine. These physicians continue to treat the routine, urgent and occupational problems, but they have a special interest in caring for the injured or ill athlete.

To obtain a consultation with one of our Sports Medicine Doctors, please contact any Texas MedClinic location or ask a staff member or a physician during your office visit. You may also visit our website at www.texasmedclinic.com and click on the Sports Medicine link. The services of the Sports Medicine doctors are available on a walk in basis at selected locations, but appointments are preferred.

Travel Clinic

Texas MedClinic offers a travel clinic at all of our locations. One of our physicians will discuss your travel itinerary and determine what vaccinations and/or medications are required or recommended for your particular situation.

The following vaccines are available:

- MMR
- Polio
- Typhoid
- Hepatitis A
- Hepatitis B
- Yellow Fever
- Meningococcus
- Pneumococcal
- Japanese Encephalitis (special order)
- Tetanus/Diphtheria/Pertussis

Information and prescriptions can also be provided as indicated for:

- Malaria
- Traveler's Diarrhea
- Motion Sickness
- Plague
- Altitude Illness
