

## LET US CARE FOR YOUR EMPLOYEES

Texas MedClinic was established in 1982 by Dr. Bernard Swift. Dr. Swift recognized the need to provide convenient, affordable Occupational healthcare on a walk-in basis to the community of San Antonio. Through meticulous planning, attention to detail, and quality control procedures, Texas MedClinic has grown to 18 locations throughout South Central Texas.

Full time medical professionals at Texas MedClinic have extensive backgrounds in caring for a wide variety of injuries and illnesses that typically occur while on the job. Our experienced medical team along with a well-trained staff, are dedicated to practicing occupational medicine in the ambulatory care setting with the highest standards of professionalism and skill.

Texas MedClinic medical professionals and staff strive not only to provide the highest quality of medical **care** to our patients, but also the best medical **service** to our clients. Our goal is to assist you in providing the best for your employees while also reducing the amount of lost time, lowering the overall cost of your Workers' Compensation bills.

Texas MedClinic's vision is to be the premier Occupational and Urgent Care medical provider in our community by exceeding the expectations of our patients, clients and staff. We look forward to sharing this vision with your company.

Sincerely,  
The Business Development & Marketing Department

**San Antonio** 210.349.5577 x 8521  
**Austin** 512.486.6110

## Work Related Injuries

Modified-Duty is strongly supported by the medical professionals at Texas MedClinic unless otherwise specified by the company. We focus on returning employees to work quickly, and without excess use of physical therapy, to save you time and money.

Our medical team has a strong track record of getting employees back to work quickly.

We see between 45,000-50,000 work related visits each year. Of those visits:

- 85% of patients are returned back to work without time off
- 93% of injured workers are either released to full duty or modified duty by the 2nd day after their visit.
- 98% of patients either return to full duty or are placed on modified duty by the end of the first week.
- Of those patients with restrictions:
  - 1% of workers remain off work by the end of week 2
  - 90% return to full duty within 4 weeks

<ul style="list-style-type: none"> <li>• Amphetamines</li> <li>• Cocaine</li> <li>• Marijuana</li> <li>• Methamphetamine</li> <li>• MDMA (Ecstasy)</li> <li>• Opiates (Morphine/Codeine)</li> <li>• Phencyclidine (PCP)</li> </ul>	<ul style="list-style-type: none"> <li>• Amphetamines</li> <li>• Barbiturates</li> <li>• Benzodiazepines (Xanax, Valium)</li> <li>• Cocaine</li> <li>• Marijuana</li> <li>• Methadone</li> <li>• Methamphetamine</li> </ul>	<ul style="list-style-type: none"> <li>• MDMA (Ecstasy)</li> <li>• Opiates</li> <li>• Phencyclidine (PCP)</li> <li>• Propoxyphene</li> </ul>

Some of the substances tested for in a drug test are found in prescription medications. For those substances we have given a few examples of the prescription medication that might cause a positive drug test. All positive drug tests are reviewed by a Medical Review Officer. Please note the examples provided are just a few of the most common prescriptions for that substance.

## Price List

Below is a price list for some of our more commonly used occupational services. If you do not see pricing listed for a particular service, please contact the Business Development Department for additional information.

\*Employee will be evaluated to determine if he/she can perform the functions of the job. A written or verbal job description will be used at the medical professionals discretion

\*\*This service is available Monday-Friday 8:00am-5:00pm at all locations. For services after 5:00pm or on weekends, call the clinic prior to going to ensure there is a Certified Medical Examiner on duty.

## Urgent Care

Our medical professionals and staff are ready to provide you with quality, affordable healthcare and excellent customer service. Texas MedClinic treats non life threatening, urgent medical problems.

### **We Take Care of:**

#### **Injuries**

- Bites & Burns
- Sprains & Strains
- Breaks & Bruises
- Cuts & Scrapes

#### **Illnesses**

- Aches & Pains
- Flu & Cold
- Allergies & Asthma
- Fever & Earaches

#### **We also perform:**

- Minor surgical procedures
- Splinting & Stitches
- Sports & School Physicals
- Court ordered drug tests

### **Health Insurance Plans - Urgent Care**

### **MEDICARE BENEFICIARIES:**

Texas MedClinic does not accept assignment for Medicare claims. This means Medicare patients will be asked to pay at the time of service, and Texas MedClinic will file a claim to Medicare so Medicare can reimburse the patient. The exceptions to this are for Laboratory Tests and Injected Drugs/Medications prescribed at the time of a visit. Patients will not be asked to pay at time of service, and Medicare will reimburse Texas MedClinic directly, as mandated by Medicare. For Injected Drugs/Medications, patients will be balance billed for any amount that Medicare does not pay or is applied to the deductible.

**If you do not find your plan on this list, or would like your insurance benefits verified prior to treatment, you can call our Billing Office at 210.349.5592. Due to the limitation of Insurance Carriers' phone availability, we may not be able to provide this service after 5pm or on weekends.**
